

1. With might - y voice the proph - ets tell
2. And when that faith - ful voice goes forth,
3. When first he came by vir - gin birth,
4. He warned that he would come once more
5. New Light is prom - ised from on high,
6. O Christ, the sun we long to see,

That Christ will come with us to dwell;
 An - nouc - ing grace has come to earth,
 He did not come to judge the earth,
 And now stands wait - ing at the door,
 Sal - va - tion's star now fills the sky;
 Our God, who reigns e - ter - nal - ly,

His way pre - pared by heal - ing grace
 The morn - ing breaks with new - born light,
 But heal the wound that sin had made,
 His heav'n - ly reign to wel - come in,
 Its splen - dor calls us in the night
 May we see you and al - ways raise

By which he saved our fall - en race.
 And all our hearts with joy are bright.
 What - e'er was lost and dead to save.
 His saints to crown in high with him.
 To set our ways and lives a - right.
 Our nev - er - end - ing hymn of praise.
